## DESCRIPTION

The Valex MSC600 plunge mini circular saw is powered by a 600W electric motor and operates with a no-load speed of 5,500 rpm. The cutting depth is adjustable up to 22 mm. It can be used with discs with a diameter of 85 mm. The steel support plate ensures excellent stability during use. The MSC600 is equipped for dust extraction via an external vacuum cleaner, to always ensure a clean work area. The safety switch prevents accidental activation. Handy and lightweight, it features a soft grip handle that ensures a secure and comfortable hold. It comes with a guide for making parallel cuts, Ø85mm TCT 24T blade, HSS 60T blade, diamond disc.
