DESCRIPTION

The Valex FAMILY-TECH 214 drill driver is powered by a 14.4 V, 0.8 Ah lithium battery. It operates with a no-load speed of 0-650 rpm. The Family-Tech 214 is equipped with a 10 mm keyless chuck, steel gear transmission, and 16+1 clutch positions. The soft grip ensures an excellent hold; it is also equipped with a practical LED to illuminate the work area. Supplied in a practical case with two batteries; charging time: 3-5 hours. Ease of use and reliability distinguish the products of the FAMILY line, designed to meet the needs of DIY enthusiasts and the whole family.
