DESCRIPTION

Valex Texas 33 petrol brush cutter with a 32.5 cc 2-stroke catalyzed engine with easy start. This brush cutter works with a cutting diameter of 44.5 cm and is equipped with a Tap&Go double line head Ø 2.4mm. The single front handle is adjustable and ensures a good grip and comfort of use, also thanks to the double strap harness provided. Manual fuel pump and 0.60 l tank. Powered by a 2.5% mixture. Double bench support in the engine for longer life and less vibration during use. Professional performance distinguishes the products of the PRO line, designed to meet the needs of professionals or DIY enthusiasts.
