DESCRIPTION

Valex Vancouver 258 hedge trimmer equipped with a 710W electric motor and a 68 cm blade. This product has a cutting capacity of 25 mm. The laser-cut double-action blades with diamond sharpening on both sides ensure greater cutting precision. The soft rear handle is rotatable at $\pm 45^{\circ}/90^{\circ}$ to ensure maximum comfort of use and less arm fatigue for the operator. The transmission with anti-shock system and mechanical blade brake ensure greater durability of the tool. Sold with a blade protection sheath.
